The jewel of the offering is the imported French- bred racing stallion

His sire, **Elios de Carrere**, b. 1992 (Manganate x Nerva du Cassou by Baroud III) is by the legendary sire Manganate who has been a leading sire in France many times, and the female line is one of the best in the world today, Nerva du Cassou, that traces back to old French lines and on to desert lines through her sire, Baroud III, sire of Cheri Bibi.

We will offer in addition three broodmares in foal to Djet Set and the select group below. These represent the finest in French/US cross breeding for speed and stamina.

Djet Set's first and second foal crop were exported and at least two have been running in Qatar -Al Hadla, a four year old filly and Messeratti CS, a three year old colt. Our first foal crop by Djet Set are four three year old fillies and are just now beginning to run in the USA. All four are showing good potential with Eet Cetera winning her first out and EFoundue stake placed.
